SOUTH BEND DIRECTORY OF HOUSEHOLDERS (1949)

# POLK'S SOUTH BEND

Directory of Householders, Occupants of Office Buildings and  
Other Business Places, Including a Complete  
Street and Avenue Guide

## 1949

Copyright, 1949, by R. L. Polk & Co.

In the following list the streets are arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

Numerical Streets are compiled in with Named Streets in their regular Alphabetical order.

By the decimal system of numbering, one hundred numbers are allotted to each square. The center of the city for street numbering purposes is at the junction of Washington avenue and Michigan street. Streets running north and south are numbered north and south from Washington avenue, while those running east and west are numbered east and west from Michigan street. The numbers begin with 101 and alternate from one side of the street to the other. Each square begins with an additional hundred; thus, 101, 201, etc. In some instances the blocks are longer, there being no intersecting streets, and the numbers then run higher. The odd numbers are on the north side of the streets running east and west, and on the west side of the streets running north and south. All other streets not commencing at Washington avenue or Michigan street are numbered in accordance with this system.

The symbol ® following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

The Δ preceding names denotes houses and places of business having telephones.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.)

(This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.)

# SPECIAL MAILING LISTS

R. L. Polk & Co. makes available special mailing lists, built from the latest available information. Among unique services provided by the compiler of this City Directory are lists of:

## BIRTHS

If you have a product or a service for the baby market you will want to know to whose home new babies have been delivered. Birth lists are available either nationally, or in metropolitan New York and northern New Jersey. The date of birth, name or sex of the child, parents' name, street and city address, and telephone number (if desired) can be provided. Keep up with the baby market through this unique listing service.

## ENGAGEMENTS

Names and addresses of brides-to-be . . . of her parents . . . and of the young man in the case . . . are available throughout the country, or in individual states or territories such as metropolitan New York or northern New Jersey. This service is provided weekly. Invaluable information for furniture, clothing and gift merchandisers. Information is provided approximately three months prior to wedding date . . . just when the engaged couple are buying and shopping for their future needs.

## HOME BUYERS

To sell merchandise or services to new home buyers you must know who they are and where they live. R. L. Polk & Co. supplies weekly lists of new home owners. The information is available by county in metropolitan New York and northern New Jersey. Advance information is provided for those who have purchased or are building homes for personal occupancy and have not yet taken possession. List data includes present address and phone number, approximate date of removal and location of newly purchased property and price paid.

## BUSINESS TENANCY SERVICE

Through R. L. Polk & Co. it is possible to obtain, tri-weekly, advance information concerning new firms about to enter business and established firms who, due to expansion, are about to move. This unique information is available for metropolitan New York and northern New Jersey. Data includes name of the firm, name of a chief executive, the type of business, present address, phone numbers, and the new address.

In addition to these special mailing lists, R. L. POLK & CO. provides mailing lists of more than 7,000 classifications.

## POSTAGE RATES AND CLASSIFICATION

For information regarding classification, postage rates, and malability of domestic mail of all classes, entry and mailing of publications as second-class matter, metered and permit mail, bulk rate mailings of third-class matter, Business Reply Cards and Envelopes, apply at your local post office.

## DOMESTIC POSTAL RATES

### First-Class

LETTERS: 3 cents for each ounce or fraction of an ounce. (Local delivery same rate.)

POST CARDS: 1 cent each within prescribed sizes.

BUSINESS REPLY CARDS: 2 cents each. Air Mail, 5 cents each.

BUSINESS REPLY ENVELOPES: Business reply envelopes 1 cent in addition to regular postage. Apply at Post Office for Permit.

### Second-Class

NEWSPAPERS AND PERIODICALS (Transient rate): 1 cent for each 2 ounces or fraction of 2 ounces or fourth-class rate, whichever is lower.

### Third-Class

(Limit 8 ounces)—On circulars and other miscellaneous printed matter, also on merchandise, 2c for the first 2 ounces or fraction, plus 1c for each additional ounce or fraction.

On books and catalogs having 24 or more pages; also, seeds, cuttings, bulbs, roots, scions, and plants— $1\frac{1}{2}$ c for each 2 ounces or fraction.

### Bulk Rate

## AIDS TO PROPER MAILING

Write name and address plainly and completely.

Place name and address of sender on all matter.

Prepay postage fully on all letters and parcels.

Always address mail for city delivery to street and number and request correspondents to do likewise.

Use designation North or South, East or West when it is a proper part of the address and save delay in delivery.

Insure valuable parcels except those containing small articles of considerable value which should be registered.

Wrap parcel post carefully in heavy paper and tie the knots securely.

You will often gain a day's time in delivery by depositing mail as soon as it is ready.

Use Postal Unit numbers on mail addressed to cities where Unit Numbers are required.

# YOUR OWN *Magazine*—

- BUILDING GOOD WILL
- CONTACTING PROSPECTS AND CUSTOMERS REGULARLY
- DOING A BETTER SALES JOB

If you manufacture a product or have a service that is sold nationally, why not investigate the many advantages of a consumer magazine to provide a continuing contact with your prospects and customers? There's no better medium for building sales volume, holding customer good will, and in bringing in new customers.

R. L. Polk & Company's Direct Mail Advertising Division now handles all creative, editing, printing, dealer imprinting, list compilation, addressing and complete mailing operations for a select group of national organizations, issuing monthly, quarterly and semi-monthly owner and consumer magazines with a combined circulation of more than 3,000,000 copies monthly. A staff of experienced consumer magazine and market experts is at hand to consult with you on what you may expect from such an advertising program. If yours is a publishing problem, Polk can do it better.

## WHY A BUYERS' GUIDE?

IT IS CUSTOMARY TO INCLUDE A BUYERS' GUIDE IN THE CITY DIRECTORY BECAUSE:

*It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.*

★ The Buyers' Guide is a necessary supplement to the regular listings; it is good City Directory information . . . EXTENDED ★

**ACCURATE**  
*as clockwork*

**CLEAN**  
*as a whistle*

There's a nationwide swing as shown by surveys to make the kitchens of America "All Electric."

Millions of women will buy electric ranges—and for good reasons of health, economy and convenience. The electric range is a precision device; it cooks like clockwork with measured accuracy. By simply turning a switch to a positive position you do away with guesswork—you can always duplicate successful results.

And clean—it simply pours heat into the cooking utensils—there is no flame to blacken pots and pans—to soil your walls and draperies.

And with all, it's inexpensive. With our low rates, it costs only a few cents a day to cook electrically.

Since 1930 the average cost of electricity to our household customers has been cut in half.

*Out of Sight! • Out of Mind! • Out of Business!*

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

*Out of Sight!**Out of Mind!**Out of Business!*

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

Do your employers  
 furnish you with the  
 latest edition of the  
 City Directory

?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

## WANT A LIST OF HOME BUYERS?

To sell merchandise or services to new home buyers you must know who they are and where they live. R. L. Polk & Co. can supply you with weekly lists of new home owners. Information is available by county in Metropolitan New York and northern New Jersey. Through such lists you have advance information of those who have purchased or are building homes for personal occupancy and have not yet taken possession. List information includes present address and phone number, approximate date of removal and location of newly purchased property and price paid. Ask us about this unique listing service.

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

If you wish to know whether a man owns his home or has a telephone, refer to the Householders and Street Guide Section of your City Directory. The symbols shown above enable you to learn if the occupant owns the home and is a telephone subscriber.

# DIRECTORY SYMBOLS AND DESIGNATIONS

**I**N ADDITION to names and addresses your City Directory contains much detailed information concerning the people of your community. In order to fit this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.

**KNOW YOUR DIRECTORY SYMBOLS**

# This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat fractional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use

as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

# Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

## Your City Directory Contains:

- 1 An *Alphabetical* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers of owners and a description of businesses are included as well.
- 2 A *Householders' Directory* including a Street and Avenue Guide. This part lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householders, business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided for office and public buildings and their occupants.
- 3 A *Classified Business Directory*—listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.
- 4 A "Yellow Section" or *Buyers' Guide*, where the advertiser may explain in greater detail the services or products he has to offer.
- 5 A *Statistical and Historical Story* of your city; plus miscellaneous other information.

# A STATEMENT OF ADVERTISING PRINCIPLES

1. Good Advertising ~ aims to inform the consumer and help him to buy more intelligently.
2. Good Advertising ~ tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.
3. Good Advertising ~ conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.
4. Good Advertising ~ recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

*A Unique Service Provided  
By The Publishers of Your City Directory*

*T*he publishers of this Directory maintain for the use of their subscribers and the general public a complete library of late out-of-town City Directories. We invite you to consult this library when in need of names and addresses of individuals and firms in other cities. It is especially designed for the reference use of business men who subscribe to the local City Directory, when seeking markets and sources of supply outside this city. There is no charge except for extended continuous use. The library, with attendant in charge, is located at:

# INTRODUCTION

---

R. L. POLK & CO., publishers of more than 750 city, county, state and national Directories, present to subscribers and the general public, this, the 1949 edition of the Mishawaka City Directory, which also includes South Bend. A new feature, the Manufacturers' Department, marks this edition.

Confidence in the growth of Mishawaka's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Mishawaka to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Mishawaka Directory will fulfill its mission as a source of authentic information pertaining to the city.

## Five Major Departments

The five major departments are arranged in the following order:—

THE MISCELLANEOUS DEPARTMENT, pages 13 to 17, on white paper, presents lists of city officials; post office Directory; and statistical review.

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is included in pages 21 to 225, on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Mishawaka, and the name, official personnel, nature and address of each firm and corporation in the city.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, covers pages 229 to 279. In this section the names of the streets are arranged in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the designation of homes and places of business having telephones.

THE BUYERS' GUIDE, preceding the Classified and separately paged from 1 to 16, on goldenrod paper, contains the advertisements of leading manufacturing, business and professional interests of Mishawaka. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Mishawaka, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 297 to 312, on white paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common

intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium. A new feature of this section is the Manufacturers' Department.

### **Municipal Publicity**

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Mishawaka.

### **The Mishawaka Directory Library**

Through the courtesy of the publishers of the Mishawaka City Directory, a Directory Library is maintained in the offices of the Mishawaka Chamber of Commerce, for free reference by the general public. This is one of more than 600 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

### General Review

With all the romance of development and expansion so common to many Midwestern cities, the growth of Mishawaka, lying in the fertile St. Joseph Valley on the banks of the winding St. Joseph River, may be looked upon with pride by its thirty-odd thousand citizens.

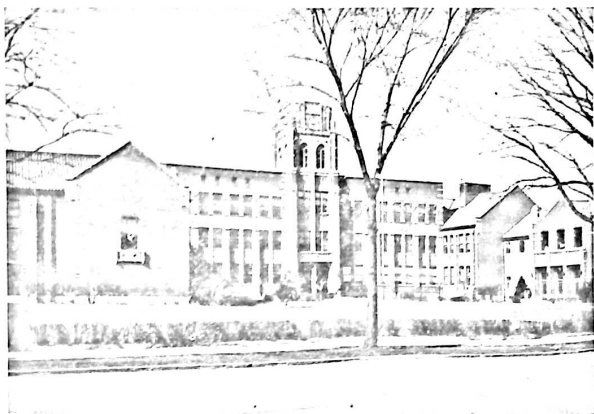

It was in 1829 that the Indians—the Shawnee and Potawatomi tribes—ceded the lands of the St. Joseph Valley to the U. S. Government, and in that year the first white settlers arrived and began their task of clearing land for their homes—land destined to become the city of Mishawaka.

In 1832, deposits of bog iron-ore were discovered, and in 1833 a blast furnace and homes for 100 persons were built. In the next few years other settlements sprang up and Mishawaka seemed doomed to lose its name, but with the spirit which has been so prominent in its continual growth—with that determination which today its merchants look upon with unstinted pride—Mishawaka in 1839 proved itself "The city with the power to do" by incorporating as a village and taking in the small settlements which had threatened its supremacy.

Rev. N. M. Wells, the first minister, was a Presbyterian. George Merrifield was the first school teacher. The city grew and prospered, surviving the Civil War, and then came the eventful night, Sept. 2, 1872, when fire broke out near the rear of the Presbyterian Church. Fanned by a stiff breeze, it soon was out of control. Calls for help were made to South Bend and Elkhart, but not in time to save the business section and some of the residential section. The loss was heavy—some \$150,000—less than half of which was covered by insurance.

But that strong and determined will, not to be "downed" even by such a catastrophe, again prevailed, and within 24 hours plans were under way for rebuilding on a more substantial scale. Following close on the heels of the fire came the panic of 1873, and then the removal of the Milburn Wagon Works, which industry had been one of the powerful factors in Mishawaka's growth, but the will and "power to do" was sustained, and since that time the city's progress has been steady and ever forward.

Mishawaka's fame has spread far and wide and has tended to attract peoples of many nationalities to live here. A survey taken by the high school students in 1916 showed 21 nationalities living within the city's

Mishawaka High School

boundaries. Mishawaka has one of the largest Belgian-American colonies in the U. S. and is justly proud of the fact.

Five of the leading industries are the Indiana & Michigan Electric Co., Mishawaka Rubber & Woolen Mfg. Co., Dodge Mfg. Co., American Wheelabrator & Equipment Corp. and Hygrade Food Products Corp. Founded in 1868, the rubber and woolen manufacturing plant grew from a small frame building to its present proportions, one of the largest manufacturing rubber footwear in the world.

The Dodge plant, started in 1879, was on the highway to success, but in 1881 was destroyed by a disastrous fire. However, through friends and over-strained credit, its founder, Wallace H. Dodge, re-engaged in business.

A Mishawaka Residence

and success came by leaps and bounds. Today the company is the second largest industry in the city.

Completely recovering from its early set-backs, in 1899 the Village of Mishawaka incorporated as a city, and on May 8, 1899, elected M. M. Fisher as its first mayor.

Today Mishawaka and its prosperous citizens are proud of the city. The streets are wide and clean; the business district, while not large, has dozens of enterprising industries, all bustling with activity, and with employers and employees alike full of civic pride and courtesy.

Schools, both public and parochial, are built along modern lines, and instructors are of the highest caliber in their profession. Bethel College, sponsored by the Mennonite Brethren Church in Christ, is a school with facilities to accommodate some 150 students, and is rated high in college educational circles.

Merchants and citizens alike take pride in their Chamber of Commerce and the Junior Chamber of Commerce. The Mishawaka Chamber of Commerce, affiliated with the National Better Business Bureau, the Indiana Chamber of Commerce and the Chamber of Commerce of the U. S., has been instrumental in raising the standard of business practice among the city's 116 diversified industries, through the wide-awake and civic-minded board of governors and secretary. The Junior Chamber of Commerce has one of the largest charter memberships in the state.

*A Unique Service Provided  
By The Publishers of Your City Directory*

*T*he publishers of this Directory maintain for the use of their subscribers and the general public a complete library of late out-of-town City Directories. We invite you to consult this library when in need of names and addresses of individuals and firms in other cities. It is especially designed for the reference use of business men who subscribe to the local City Directory, when seeking markets and sources of supply outside this city. There is no charge except for extended continuous use. The library, with attendant in charge, is located at:
